Who can use the Data Archive?

The UNSW Data Archive is available to all UNSW researchers (staff and HDR candidates).

UNSW appointed researchers, within the institutes, may access and store their data in the Data Archive. The university is working on a solution for non UNSW appointed researchers within institutes.

Help and further information:

- To learn more about the Data Archive:
    - go to the Start here page
    - see all Help Topics
    - see all Frequently Asked Questions (FAQs)
    - browse through the carousel on the homepage to view all available videos
- To access the Data Archive Web application, use this link, or, go to the Home page for other access options
- To create, or update, a Research Data Management Plan go to the ResToolkit service
- **Note**: the Data Archive service is also available over SFTP, see the SFTP client guide for more information
