Can I access the Data Archive outside UNSW?

The UNSW Data Archive is currently restricted to the UNSW network. You can use the UNSW VPN to access the Data Archive from off campus, but the speed will be restricted depending on the quality of your connection to the internet.

Help and further information:

- To learn more about the Data Archive:
    - go to the Start here page
    - see all Help Topics
    - see all Frequently Asked Questions (FAQs)
    - browse through the carousel on the homepage to view all available videos
- To access the Data Archive Web application, use this link, or, go to the Home page for other access options
- To create, or update, a Research Data Management Plan go to the ResToolkit service
- **Note**: the Data Archive service is also available over SFTP, see the SFTP client guide for more information
